*A One Day Workshop offered the day after the Practice Day above-
(consider attending both)*

Learn more ways our certified practitioners incorporate to assess patients with subtle energy medicine skills.
We are sharing our pearls with you!

Fine tune and unleash your intuitive senses with patients.
Put the full techniques of Muscle Testing, Emotional clearing and your innate intuition together to assess and build a personal protocol for your patients.

Course content: Learn multiple energetic diagnostic techniques including,:

- Visual and energetic diagnosis,
- Unresolved or hidden emotional diagnosis
- Pulse and tongue diagnosis
- The important Subtle palpation skills.
- Learn to detect the tendency for mental emotional imbalance before it manifests into illness.
- Assess Emotion, organ health, and energy dynamics.
- Bring new awareness to your muscle testing skill set.
- Personal Practice Time one on one
- More uses for our light tools and remedy maker.

These are noninvasive skills to feel and perceive the overall health of the body and nervous system. Learn to incorporate these subtle energy medicine techniques into your practice for better outcomes with patient satisfaction.

Discounts for attendees- Signal Enhancers including the Slide Enhancer and the Laser Detox Enhancer, Slide Sets, Manuals, Charts and DVD's are also available for purchase at DHS.- Call with questions.
